

ABOUT IARI

The Indian Agricultural Research Institute (IARI) is the country's premier institute for agricultural research, education and extension. It has served the cause of science and society with distinction through first rate research, generation of appropriate technologies and development of human resources. The green revolution was born in the fields of IARI.

ABOUT ZTM & BPD UNIT

The Zonal Technology Management and Business Planning and Development Unit (ZTM&BPD Unit), is a novel initiative taken up by IARI with the funding from National Agricultural Innovation Projects (NAIP) to utilize the strengths and innovative potential of the institute for the benefit of society at large through commercialization of technologies, development of business potential of existing technologies & partnership with private sector.

The Unit promotes & facilitates public private partnership. It supports industry/entrepreneurs with agri technology, consultancy & business planning. Technology business incubator is an added phenomenon that the unit works on to develop entrepreneurship in agriculture and allied field.

OBJECTIVES

- Upscale the technologies developed at the institutes into viable agri-business opportunities
- Develop a mechanism for transferring technology from institutes to public/private sector
- Impart consultancy and training for creating prospective entrepreneurs and value added man power
- Strengthen R&D focus of the institute towards more applied research through backward linkage from industry

ACTIVITIES

- Transfer of technology relating to proven R&D outputs.
- Research partnership with industry for technology development and its commercial application.
- Safeguarding Intellectual Property Rights.
- Information support services to industry and R&D organizations.
- Access to array of specialized equipment and central facilities.

CORPORATE/INSTITUTIONAL MEMBERSHIP

The Corporate/Institutional membership of ZTM & BPD Unit of IARI creates opportunities for building synergy between the institute, its scientists and the industry.

Who can be a member - Any organization dealing with agriculture or related areas be it a private/public/non-governmental/professional body can become a member of the unit.
